

GLENVIEW

GLENVIEW

Glenview Presbyterian Church started worshipping at its present site at 1 Glenview Avenue in 1929. We have a long, proud history in North Toronto, but our congregation is also excited about our future.

We are a church dedicated to mission and outreach, both in our city of Toronto and throughout the world.

Glenview's doors are also open to the surrounding community. We are home to a number of community groups who gather in our meeting rooms and church hall.

Recently we have completely renovated our lower level. It is a warm welcoming space with several small and medium size meeting rooms as well as an open space for larger gatherings. It also has a well equipped servery for preparing snacks and beverages and updated washroom facilities for men, women and families.

Glenview's five year initiative entitled *Transforming Lives* is a plan to rejuvenate our ministry. One of its five main areas of focus is to build strong partnerships with our North Toronto community: *our doors are open, lights are on and activities are happening every night of the week.*

We would like to welcome you and your group into our church home.

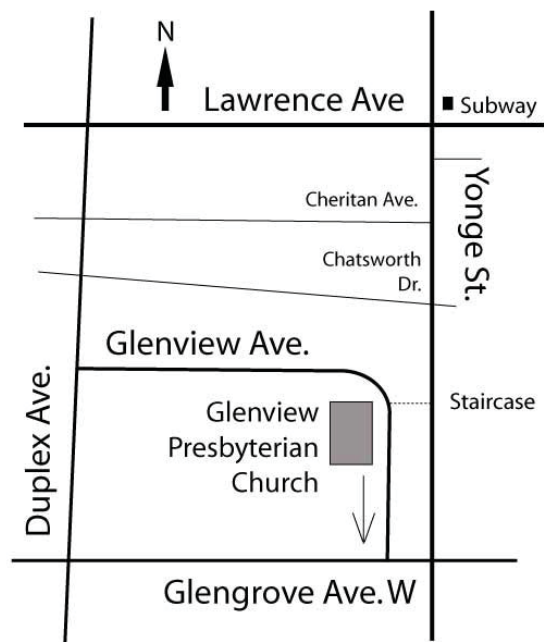

Welcome to Glenview.
